

My snowman has three black buttons. Its body is in three parts the bottom the middle and the head they are all black. It has two black sticks as arms they both have three little stem type things. Then on its face it has two red eyes a black carrot shaped nose and a curved line for its mouth.

My snowman has a black top hat and a navy blue scarf that has little threads of string on the end of it. My entire snowman is black except for the navy blue scarf. And the background of my snowman is red. That is what my snowman looks like.
